**(Junior & Senior College)**

**Prospectus for Academic Year 2023-2024**

## **COLLEGE PROSPECTUS**

### **Introduction:**

Since time immemorial up to 35 years after independence i.e. in 1983 the change in higher education came in the field of education in the form of Dnyanopasak Education Society. The Bhagirath who brought the Ganges of Knowledge to the earth from the Heaven is our Honourable Adv. Ganeshraoji Dudhgaonkar alias Bapusaheb, Member of Parliament of Parbhani constituency and Former State Minister for Higher and Technical Education, Government of Maharashtra. His enthusiastic and passionate personality brought an era of nectar for the educationally thirsty student community. The stream of science was commenced in 1992 revealing the backwardness of Jintur Taluka.

Jintur is the first Taluka in Maharashtra where Adv. Dudhagaonkar, Former Minister of State for Higher and Technical Education compelled to the Government to start government Polytechnic. He initiated the Ganges of knowledge in the form of the study of Science and Technology in this area. Students who come from remote villages and hilly areas of different tribes are considered as the soul of this educational institution.

Since its inception, the educational society had the vision to admit educationally backward and weaker students for their “up-liftment and rehabilitation for the rural students,” instead of merit-oriented education. Because of all these efforts, having progressed and overcome all the obstacles “Dnyanopasak” became such a huge banyan tree in a short span of time that it influenced everybody in the vicinity to such an extent that many educational societies do not accept their existence, without affixing the word “knowledge.” Each and every tendril of this huge banyan tree of ‘Dnyanopasak’ has created its own entity. The personality who brought this tremendous sweeping change is our Honourable Bapusaheb.

Dnyanopasak Education Society is the first institute to start computer science in the education sector of the Marathwada region.

Dnyanopasak is the only educational society to inculcate educational discipline in its own and unique way. Dnyanopasak is an icon and a role model that set up a benchmark of education in the form of a college, teachers, educational aids, laboratories, library and management, that inspired many educational institutions not only in the jurisdiction of Swami Ramanand Teerth Marathwada University, Nanded, and Dr. Babasaheb Ambedkar Marathwada University, Aurangabad but for the entire Maharashtra.

## College at a Glance

- ❖ From June 2022 the college successfully commenced 40<sup>th</sup> Academic Year.
- ❖ The college has always maintained a bright tradition of success in both HSC and university examinations.
- ❖ The college offers a facility for electronics, computer science and fishery science at senior college level to keep abreast of advanced technology.
